

Great Tit

S

Monthly
anagram
letter

About me

- My distinctive “tee-cha” song is one of the most recognisable sounds of spring
- I’m quite feisty and can fight off other smaller birds at the bird table!
- I’m the biggest tit in the UK

What I
eat

- Insects, nuts and seeds
- During breeding season I like to feed my young nice plump caterpillars

My feather
colours

- I have a black head, white cheeks, yellow breast and green back

Where I
live

- Woodlands, parks and gardens
- Across the UK, apart from northern and western isles of Scotland

My
nest

- I mainly nest in holes and nest boxes, lined with grass, moss, hair, wool and feathers
- I sometimes nest in manmade objects such as post boxes!
